*Letter of reference*

We hereby confirm cooperation and business contacts with JKing IT located in Wrocław ul. Szczytnicka 38, Poland.

Our cooperation started in 2016, when they created for us iOS application written in Swift.

We are very satisfied from the beginning of our collaboration. JKing IT during the project has shown us great commitment, professional skills, high level of communication. They were efficient and worked according to our requirements and suggestions.

The project was not delayed, deadlines were kept along with very good quality level. They also provided us guarantee period, so we feel safe about our product.

We believe JKing Information Technology as a reliable business partner and we recommend a cooperation.
